THE SCIENCE OF SPEED

PERFORMANCE
FUNCTION
SUSTAINABILITY

TECHNOLOGY

**EXO SHIELD
10K MEMBRANE**

delivers protection and breathability for experts and beginners alike. This 2-way stretch recycled laminate thrives in moderate activities in lower-moisture conditions—ultimate comfort at an affordable price.

**EXO SHIELD
20K MEMBRANE**

is the do-it-all fabric. The 4-way stretch recycled laminate offers unrestricted mobility with the perfect level of protection for any wet or dry conditions from Sierra cement to the Ice Coast and everywhere in between.

**EXO SHIELD
30K MEMBRANE**

provides the ultimate in waterproof protection and breathability. Designed with purpose, this 4-way stretch recycled laminate performs in the harshest conditions and the most strenuous activities.

The **SANCTION HOODED DOWN JACKET**

We designed the Sanction Hooded Down Jacket with the backcountry skier at the top of our minds. They need an insulator that can do it all and then some. The reversible functionality of the Sanction provides various options for the wearer. For the climb, a compact windproof hood provides shelter from biting winds. Large mesh dump pockets facing outward can hold extra gloves, buffs, hats, or goggles for easy access if the weather turns. The 700-fill goose down filling keeps their core warm while transitioning from uphill to downhill. If it warms up, the jacket stuffs into its pocket and can store weightlessly in a pack. All while the reverse side becomes the perfect jacket for tailgate beers after another successful backcountry mission.

- 100% RECYCLED DOWN PROOF NYLON

THE SCIENCE OF SPEED

PERFORMANCE
FUNCTION
SUSTAINABILITY

TECHNOLOGY

**EXO SHIELD
10K MEMBRANE**

delivers protection and breathability for experts and beginners alike. This 2-way stretch recycled laminate thrives in moderate activities in lower-moisture conditions—ultimate comfort at an affordable price.

**EXO SHIELD
20K MEMBRANE**

is the do-it-all fabric. The 4-way stretch recycled laminate offers unrestricted mobility with the perfect level of protection for any wet or dry conditions from Sierra cement to the Ice Coast and everywhere in between.

**EXO SHIELD
30K MEMBRANE**

provides the ultimate in waterproof protection and breathability. Designed with purpose, this 4-way stretch recycled laminate performs in the harshest conditions and the most strenuous activities.

**WOMENS LEGEND
LIFESTYLE**

The **EASTWOOD COLLECTION**

The Eastwood Collection is for the woman who is always on the go. She needs something to keep her looking stylish while keeping warm and dry in the winter. When she goes to pack for her trip to the mountains, she can grab this trusted jacket to walk around town or hit the slopes with a versatility in fabrics and activities. Trusted technology with EXO Shield 10k recycled stretch fabric at the shoulders and main body and a down proof recycled polyester fabric that holds traceable down insulation in this stylish puffer. Featuring the cozy signature cloud fleece fabric on the inner hood.

- EXO-SHIELD 10K W/ PFC FREE DWR

The **SOLITAIRE HOODED DOWN JACKET**

We designed the Solitaire Hooded Down Jacket with the backcountry skier at the top of our minds. She needs an insulator that can do it all and then some. The reversible functionality of the Solitaire provides various options for the wearer. For the climb, a compact windproof hood provides shelter from biting winds. Large mesh dump pockets facing outward can hold extra gloves, buffs, hats, or goggles for easy access if the weather turns. The 700-fill goose down filling keeps her core warm while transitioning from uphill to downhill. If it warms up, the jacket stuffs into its pocket and can store weightlessly in a pack. All while the reverse side becomes the perfect tailgate jacket after another successful backcountry mission.

- 100% RECYCLED DOWN PROOF NYLON
- 700 FILL TRACEABLE GOOSE DOWN
- REVERSIBLE BETWEEN ON SNOW AND LIFESTYLE
- LIGHTWEIGHT WINDPROOF HOOD
- PACKABLE INTO RIGHT POCKET
